Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: During a telephone interview with Attorney Felicity Groth, the examiner discovered that an oversight has been made in the cover letter of the notice of allowability mailed on November 7, 2003,, wherein allowed claims 41-42 were not indicated in item No. 2. In addition, the examiner and applicant were aware of the fact that the as-filed application fails to comply with the sequence rule compliance. As such, applicant will plan to submit to the US PTO on December first a 312 amendment to correct the sequence rule compliance. The examiner then indicates to applicant that for completeness, the cover letter of the notice of allowability will be reprinted for correction and will be attached to the response to the 312 amendment.
